Wearing Your Mask

Stay Safe and Mask Up!

*When you wear your mask, you protect yourself and others. Masks work best when everyone wears them. A mask is **NOT** a substitute for social distancing. Masks should still be worn in addition to staying at least 6 feet apart, especially when indoors around other people. Masks should completely cover the nose **and** mouth and fit snugly against the sides of face without gaps.*

FUN FACT!

Did you know.....

July 2nd is National I Forgot Day!

The whole purpose of I Forgot Day is to make amends for those things you've forgotten, admit it to the people who have been affected by your forgetting, and ensure that they know that you still appreciate them. This can be done most effectively by writing a special apology note indicating that you're absolutely mortified that you forgot their birthday or other special occasion. I Forgot Day is an important chance to set things right and make sure the next year is full of a few less "I'm sorry, I forgot" days than the previous one.

Always remember to try not to forget! 😊

Coming Soon.....
